When calculating age-specific rates per 1 000 of the mean population, the mean population for the year of birth should be used

The table reports the definitive number of births each year. For the period 1968–1997, the number of births are reported that were registered up to and including the 13th week of the year after the year of birth. For 1998 onwards, the number of births are reported that were registered up to and including the 4th week of the year after the year of birth.

age of the Mother: Age refers to age attained by the end of the year, i.e. in principal, an account for the year of birth.

region:

Since 1 January 1999, a new regional division has been established. Parts of Södertälje municipality (code 0181) have formed a new municipality called Nykvarn (code 0140).

The period 1968–1998 is reported according to the regional divisions that applied on 01-01-1998.

Since 1 January 2003, a new regional division has been established. Parts of Uppsala municipality (code 0380) have formed a new municipality called Knivsta (code 0330).
