Annual results from the European Labour Force Survey (LFS). Many data points in this table show low reliability. Please find more information at the source in the Eurostat table fsa_egan2 and related metadata.

Employed persons are persons aged 15 and over who performed work, even for just one hour per week, for pay, profit or family gain during the reference week or were not at work but had a job or business from which they were temporarily absent because of, for instance, illness, holidays, industrial dispute, education or training. Due to rounding totals might not correspond fully to totals resulting from summing up values.
