Courses from the first year of tertiary level and onwards by students studying in Iceland and domiciled in Iceland.

Enrolment is computed as the proportion of students in the corresponding age group.

Domicile refers to December each year.

Students younger than 19 years old are added to the number of 19 years old and that sum calculated as a percentage of the cohort of 19 years old in the National Population Register.

The year in the table refers to the first year in the school year. E.g. 2015 refers to the school year 2015-2016.

Year:
