Revised time series

This time series was revised on 30 November 2020. The revision of the time series is part of the benchmark revision of the Icelandic National Accounts.

New referenc year: 2015

The reference year is now 2015. From 1990 onward volume changes are now based on annual chain linking. Prior to that volume changes were based on fixed base years.

The base year was 1980 for the period 1977-1990.

Due to chain linking the sum of the total individual chain-linked components is not always equal to the same aggregate value.

A new National accounts standard (ESA2010) was implemented in September 2014 and the time series now extends back to 1995.
