Uppgifter avseende år 2014-2017 korrigerades i april 2019.

region: Wage income is often missing for persons who live in Sweden but work in another country. This has relatively large impact on the statistics in some border municipalities where commuting to other Nordic countries is common.
andel av medianinkomsten:

information missing: Refers to households where none of the adults has been registered in Sweden the whole year or where there is no registered income.
