Educational attainment of total population aged 15-74 as of 1 January. Data is compiled according to either ISCED 1997 (level 1-2, 3-4 and 5-6) or ISCED 2011 classification (level 1-2, 3-4 and 5-8). Please find which classification reporting country:

Greenland:

ISCED 2011. Data not available prior to 2003. Age by the end of the year.

reporting country:

Iceland:

Labour force survey. The relative standard error is over 20% for numbers under 1,000. All numbers are rounded to the next hundred when greater than 50. Due to rounding, figures may not add up to totals and subtotals. 1998-2002
