

**B27006: MEDICARE COVERAGE BY SEX BY AGE**  
**Universe: Civilian noninstitutionalized population**  
**2018 American Community Survey, 1-Year Estimates**

	Alaska	
	Estimate	Margin of Error
Total:	713,033	+/-1,423
Male:	362,282	+/-1,964
Under 6 years:	31,834	+/-1,050
With Medicare coverage	368	+/-296
No Medicare coverage	31,466	+/-1,082
6 to 18 years:	66,039	+/-1,523
With Medicare coverage	130	+/-125
No Medicare coverage	65,909	+/-1,507
19 to 25 years:	32,096	+/-1,864
With Medicare coverage	369	+/-347
No Medicare coverage	31,727	+/-1,944
26 to 34 years:	49,415	+/-2,238
With Medicare coverage	674	+/-361
No Medicare coverage	48,741	+/-2,280
35 to 44 years:	45,883	+/-1,708
With Medicare coverage	1,545	+/-735
No Medicare coverage	44,338	+/-1,651
45 to 54 years:	45,464	+/-1,711
With Medicare coverage	1,238	+/-510
No Medicare coverage	44,226	+/-1,685
55 to 64 years:	47,675	+/-1,290
With Medicare coverage	3,872	+/-913
No Medicare coverage	43,803	+/-1,335
65 to 74 years:	30,729	+/-1,158
With Medicare coverage	27,690	+/-1,311
No Medicare coverage	3,039	+/-931
75 years and over:	13,147	+/-665
With Medicare coverage	12,929	+/-766
No Medicare coverage	218	+/-222
Female:	350,751	+/-1,720
Under 6 years:	30,980	+/-1,172
With Medicare coverage	155	+/-244
No Medicare coverage	30,825	+/-1,147
6 to 18 years:	63,735	+/-1,379
With Medicare coverage	225	+/-177
No Medicare coverage	63,510	+/-1,384
19 to 25 years:	30,447	+/-1,626
With Medicare coverage	239	+/-219
No Medicare coverage	30,208	+/-1,621
26 to 34 years:	48,553	+/-1,620
With Medicare coverage	527	+/-361
No Medicare coverage	48,026	+/-1,642
35 to 44 years:	47,424	+/-1,541
With Medicare coverage	722	+/-497
No Medicare coverage	46,702	+/-1,650
45 to 54 years:	41,880	+/-1,498
With Medicare coverage	1,259	+/-637
No Medicare coverage	40,621	+/-1,442
55 to 64 years:	45,210	+/-1,053
With Medicare coverage	2,512	+/-742
No Medicare coverage	42,698	+/-1,109
65 to 74 years:	28,250	+/-1,070
With Medicare coverage	26,820	+/-1,156
No Medicare coverage	1,430	+/-544
75 years and over:	14,272	+/-765
With Medicare coverage	14,122	+/-768
No Medicare coverage	150	+/-83

Source: U.S. Census Bureau, 2018 American Community Survey 1-Year Estimates

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities, and towns and estimates of housing units for states and counties.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see ACS Technical Documentation ). The effect of nonsampling error is not represented in these tables.

Logical coverage edits applying a rules-based assignment of Medicaid, Medicare and military health coverage were added as of 2009 -- please see [https://www.census.gov/library/working-papers/2010/demo/coverage\\_edits\\_final.html](https://www.census.gov/library/working-papers/2010/demo/coverage_edits_final.html) for more details. The 2008 data table in American FactFinder does not incorporate these edits. Therefore, the estimates that appear in these tables are not comparable to the estimates in the 2009 and later tables. Select geographies of 2008 data comparable to the 2009 and later tables are available at <https://www.census.gov/data/tables/time-series/acs/1-year-re-run-health-insurance.html> . The health insurance coverage category names were modified in 2010. See [https://www.census.gov/topics/health/health-insurance/about/glossary.html#par\\_textimage\\_18](https://www.census.gov/topics/health/health-insurance/about/glossary.html#par_textimage_18) for a list of the insurance type definitions.

Beginning in 2017, selected variable categories were updated, including age-categories, income-to-poverty ratio (IPR) categories, and the age universe for certain employment and education variables. See user note entitled "Health Insurance Table Updates" for further details.

While the 2018 American Community Survey (ACS) data generally reflect the July 2015 Office of Management and Budget (OMB) delineations of metropolitan and micropolitan statistical areas, in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB delineations due to differences in the effective dates of the geographic entities.

Estimates of urban and rural populations, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

#### Explanation of Symbols:

An "\*\*\*" entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An "-" entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution, or the margin of error associated with a median was larger than the median itself.

An "-" following a median estimate means the median falls in the lowest interval of an open-ended distribution.

An "+" following a median estimate means the median falls in the upper interval of an open-ended distribution.

An "\*\*\*\*" entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

An "\*\*\*\*\*" entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

An "N" entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

An "(X)" means that the estimate is not applicable or not available.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Technical Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.
