	equivalised disposable income excluding capital gains	250,3	272,0	0,232	3,3	12,9	2,5	262947

Incomes in fixed prices, referring to last year of data.

Mean and median relates to yearly average of income during chosen period.

Shorrocks Mobility Index (SMI) :

SMI is shown in percent and indicates income mobility. Its value is between 0 and 100 where 0 is no mobility and 100 maximum mobility.

Gini coefficient :

The Gini coefficient measures the extent to which the distribution of income within a population deviates from a perfectly equal distribution. A coefficient of 0 expresses perfect equality where everyone has the same income, while a coefficient of 1 expresses full inequality where only one person has all the income.

At-risk-of-poverty rate :

The at-risk-of-poverty rate is the share of people with an equivalised disposable income below the at-risk-of-poverty threshold, which is set at 60 % of the national median equivalised disposable income.

High economic standard :

The high economic standard rate is the share of people with an equivalised disposable income higher than 200 % of the national median equivalised disposable income.

Percentile ratios :

Ratio of incomes received by individuals at certain percentiles, e.g. P90/10 shows the relative distance between the 90th percentile and the 10th percentile.

Equivalised disposable income :

Disposable income is the sum of all taxable and tax-free income minus taxes and negative transfers. The income is both including and excluding capital gains/losses, that is, the gain/loss arising from a sale (realization) of assets, for example, stocks, mutual funds or real estate.

Incomes are equivalised, which means that the household disposable income is adjusted for household size by using a weight system. The unit of measurement is equivalised disposable income for persons.

Income from wages, salaries and pensions from the Nordic countries is included for people who are registered in Sweden. As of the publication of the income year 2020, the statistics for the years 2011-2019 have been revised.
