Notes:

[30] Knowledge of official languages†refers to whether the person can conduct a conversation in English only French only in both or in neither language. For a child who has not yet learned to speak this includes languages that the child is learning to speak at home.

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

[31] First official language spoken†refers to the first official language (English or French) spoken by the person.

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

[32] Mother tongue refers to the first language learned at home in childhood and still understood by the person at the time the data was collected. If the person no longer understands the first language learned the mother tongue is the second language learned. For a person who learned more than one language at the same time in early childhood the mother tongue is the language this person spoke most often at home before starting school. The person has more than one mother tongue only if they learned these languages at the same time and still understands them. For a child who has not yet learned to speak the mother tongue is the language spoken most often to this child at home. A child who has not yet learned to speak has more than one mother tongue only if these languages are spoken to them equally often so that the child learns these languages at the same time.

n.i.e. = not included elsewhere

n.o.s. = not otherwise specified

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

[33] Users should be aware that estimates associated with Indigenous languages are more affected than most by the incomplete enumeration of certain reserves and settlements in the Census of Population.

[34] All languages spoken at home†refers to all languages that the person speaks at home on a regular basis at the time of data collection.n.i.e. = not included elsewhere

n.o.s. = not otherwise specified

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

[35] Language spoken most often at home refers to the language the person speaks most often at home at the time of data collection. A person can report more than one language as "spoken most often at home" if the languages are spoken equally often.

For a person who lives alone the language spoken most often at home is the language in which they feel most comfortable. For a child who has not yet learned to speak this is the language spoken most often to the child at home.

Where more than one language is spoken to the child the language spoken most often at home is the language spoken most often. If more than one language is spoken equally often to the child then these languages are included here.

n.i.e. = not included elsewhere

n.o.s. = not otherwise specified

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

[36] Other language(s) spoken regularly at home†refers to the language(s) if any that the person speaks at home on a regular basis at the time of data collection other than the language(s) they speak most often at home.

Comparisons to previous Census data is not recommended for the 'Other languages spoken regularly at home' variable.

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

[37] Knowledge of official languages†refers to whether the person can conduct a conversation in English only French only in both or in neither language. For a child who has not yet learned to speak this includes languages that the child is learning to speak at home.

Knowledge of non-official languages†refers to whether the person can conduct a conversation in a language other than English or French. For a child who has not yet learned to speak this includes languages that the child is learning to speak at home. The number of languages that can be reported may vary between surveys depending on the objectives of the survey.

n.i.e. = not included elsewhere

n.o.s. = not otherwise specified

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2021.

Data quality:

Yellowknife, City (CY)

Total non-response (TNR) rate, short-form census questionnaire: 3.4%

Total non-response (TNR) rate, long-form census questionnaire: 5.7%

Northwest Territories

Total non-response (TNR) rate, short-form census questionnaire: 8.2%

Total non-response (TNR) rate, long-form census questionnaire: 10.8%
