Notes:

[111] 'Visible minority' refers to whether a person is a visible minority or not as defined by the Employment Equity Act. The Employment Equity Act defines visible minorities as "persons other than Aboriginal peoples who are non-Caucasian in race or non-white in colour." The visible minority population consists mainly of the following groups: South Asian Chinese Black Filipino Arab Latin American Southeast Asian West Asian Korean and Japanese.

In 2021 Census analytical and communications products the term "visible minority" has been replaced by the terms "racialized population" or "racialized groups" reflecting the increased use of these terms in the public sphere.

For more information on visible minority and population group variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Visible Minority and Population Group Reference Guide Census of Population 2021.
