Data quality: Nunavik, Global non-response rate (GNR) : 13.4%

Notes:

[15] Total - Knowledge of official languages for the total population excluding institutional residents - 100% data Knowledge of official languages refers to whether the person can conduct a conversation in English only French only in both languages or in neither language. For a child who has not yet learned to speak this includes languages that the child is learning to speak at home.

For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of

[16] Total - First official language spoken for the total population excluding institutional residents - 100% data First official language spoken is specified within the framework of the Official Languages Act. It refers to the first official language (i.e.

English or French) spoken by the person. For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please

refer to the Languages Reference Guide Census of Population 2016. Total population excluding institutional residents refers to

[17] Official language minority The official language minority population of Quebec includes all individuals with English as a first official language spoken and half of those with both English and French. The official language minority population of the

country overall and of every province and territory other than Quebec includes individuals with French as a first official language

[18] Total - Mother tongue for the total population excluding institutional residents - 100% data Mother tongue refers to the first language learned at home in childhood and still understood by the person at the time the data was collected. If the person no longer

understands the first language learned the mother tongue is the second language learned. For a person who learned two languages at the same time in early childhood the mother tongue is the language this person spoke most often at home before starting school

The person has two mother tongues only if the two languages were used equally often and are still understood by the person. For a child who has not yet learned to speak the mother tongue is the language spoken most often to this child at home. The child has

[19] Total - Language spoken most often at home for the total population excluding institutional residents - 100% data Language spoken most often at home refers to the language the person speaks most often at home at the time of data collection. A person can

report more than one language as 'spoken most often at home' if the languages are spoken equally often. For a person who lives alone the language spoken most often at home is the language in which he or she feels most comfortable. For a child who has not

yet learned to speak this is the language spoken most often to the child at home. Where two languages are spoken to the child the language spoken most often at home is the language spoken most often. If both languages are used equally often then both

languages are included here. For more information on language variables including information on their classifications the questions from which they are derived data quality and their comparability with other sources of data please refer to the

[44] Knowledge of official languages' refers to whether the person can conduct a conversation in English only French only in both or in neither language. For a child who has not yet learned to speak this includes languages that the child is learning to speak

at home. 'Knowledge of non-official languages' refers to whether the person can conduct a conversation in a language other than English or French. For a child who has not yet learned to speak this includes languages that the child is learning to speak at home.

The number of languages that can be reported may vary between surveys depending on the objectives of the survey. For more information on language variables including information on their classifications the questions from which they are derived data

quality and their comparability with other sources of data please refer to the Languages Reference Guide Census of Population 2016. This is a total population count. The sum of the languages in this table is greater than the total population count because a
