<b>17 Mean population figure, number</b>	<b>51,039</b>	<b>55,589</b>	<b>55,268</b>	<b>55,576</b>	<b>55,798</b>	<b>55,917</b>	<b>56,024</b>	<b>56,082</b>

Note : As a result of rounding off, the sum of the figures may deviate from the total. Figures concerned with points 4, 9, 11 and 12 for 1989-1997 are from Public finances consolidated. Figures for items 5 and 9 for 1986 to 1997 have been corrected in relation to earlier computations.

Notes: 1) Calculated on the basis of taxation statistics. 2) Calculated on the basis of taxation statistics and partly estimated concerning housing utilization. 3) As from 1989 estimated due to lack of figures for balance of payment. 4) Incl. expenditure on fisheries inspection ships. Gross savings have been adjusted in relation to 1997. 5) Consumer price index, annual average. 1981=100. 6) Percentage/year. 7) Current prices and rounded off to hundreds.
