

P062. PRESENCE OF OWN CHILDREN UNDER 18 YEARS BY AGE OF OWN CHILDREN UNDER 18 YEARS BY EMPLOYMENT STATUS FOR FEMALES 16 YEARS AND OVER - Universe: FEMALES 16 YEARS AND OVER

Data Set: [2001 Supplementary Survey Summary Tables](#)

NOTE. Data are limited to the household population and exclude the population living in institutions, college dormitories, and other group quarters. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see [Survey Methodology](#).

Alaska	Estimate	Lower Bound	Upper Bound
Total:	218,095	217,093	219,097
With own children under 18 years:	81,369	74,876	87,862
Under 6 years only:	19,213	16,048	22,378
In labor force:	12,288	9,996	14,580
Employed or in Armed Forces	11,315	9,066	13,564
Unemployed	973	473	1,473
Not in labor force	6,925	4,810	9,040
Under 6 years and 6 to 17 years:	17,108	15,481	18,735
In labor force:	10,615	9,389	11,841
Employed or in Armed Forces	10,068	8,885	11,251
Unemployed	547	169	925
Not in labor force	6,493	5,363	7,623
6 to 17 years only:	45,048	41,119	48,977
In labor force:	33,828	31,134	36,522
Employed or in Armed Forces	32,822	30,332	35,312
Unemployed	1,006	465	1,547
Not in labor force	11,220	9,209	13,231
No own children under 18 years:	136,726	129,992	143,460
In labor force:	89,602	81,364	97,840
Employed or in Armed Forces	82,430	73,853	91,007
Unemployed	7,172	6,098	8,246
Not in labor force	47,124	44,199	50,049

Notes

The 2001 Supplementary Survey universe is limited to the household population and excludes the population living in institutions, college dormitories, and other group quarters. Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate is represented through the use of a confidence interval. The confidence interval computed here is a 90 percent confidence interval and can be interpreted roughly as providing 90 percent certainty that the true number falls between the lower and upper bounds.

Employment and unemployment estimates may vary from the official labor force data released by the Bureau of Labor Statistics because of differences in survey design and data collection.

Click on the table title to access subject characteristics and code lists related to this table.

1. An '**' entry in the lower and upper bound columns indicates that too few sample observations were available to compute a standard error and thus the lower and upper bounds. A statistical test is not appropriate.
2. An '***' entry in the lower and upper bound columns indicates that no sample observations were available to compute a standard error and thus the lower and upper bounds. A statistical test is not appropriate.
3. An '-' entry in the estimate column indicates that no sample observations were available to compute an estimate.
4. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '****' entry in the lower and upper bound columns indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
7. An '*****' entry in the lower and upper bound columns indicates that the estimate is controlled. A statistical test is not appropriate.
