[HCT012. TENURE BY POVERTY STATUS OF HOUSEHOLDER IN THE PAST 12 MONTHS BY RECEIPT OF PUBLIC ASSISTANCE INCOME IN THE PAST 12 MONTHS - Universe: OCCUPIED HOUSING UNITS](#)
Data Set: [2002 American Community Survey Summary Tables](#)
Survey: American Community Survey

NOTE. Data are limited to the household population and exclude the population living in institutions, college dormitories, and other group quarters. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see [Survey Methodology](#).

	Alaska		
	Estimate	Lower Bound	Upper Bound
Total:	225,474	221,333	229,616
Owner occupied:	144,778	139,680	149,877
Income in the past 12 months below poverty level:	6,003	4,724	7,282
With public assistance income	1,028	525	1,531
No public assistance income	4,975	3,525	6,425
Income in the past 12 months at or above poverty level:	138,775	133,932	143,618
With public assistance income	3,369	2,250	4,488
No public assistance income	135,406	130,877	139,935
Renter occupied:	80,696	77,155	84,237
Income in the past 12 months below poverty level:	10,414	8,581	12,247
With public assistance income	2,584	1,452	3,716
No public assistance income	7,830	6,574	9,086
Income in the past 12 months at or above poverty level:	70,282	66,456	74,108
With public assistance income	5,929	4,518	7,340
No public assistance income	64,353	59,982	68,724

Notes

The 2002 American Community Survey universe is limited to the household population and excludes the population living in institutions, college dormitories, and other group quarters. Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate is represented through the use of a confidence interval. The confidence interval computed here is a 90 percent confidence interval and can be interpreted roughly as providing 90 percent certainty that the true number falls between the lower and upper bounds.

Click on the table title to access subject characteristics and code lists related to this table.

1. An '*' entry in the lower and upper bound columns indicates that too few sample observations were available to compute a standard error and thus the lower and upper bounds. A statistical test is not appropriate.
2. An '**' entry in the lower and upper bound columns indicates that no sample observations were available to compute a standard error and thus the lower and upper bounds. A statistical test is not appropriate.
3. An '-' entry in the estimate column indicates that no sample observations were available to compute an estimate.
4. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '***' entry in the lower and upper bound columns indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
7. An '*****' entry in the lower and upper bound columns indicates that the estimate is controlled. A statistical test is not appropriate.
