Note(s) :

i. **Census metropolitan areas and census agglomerations crossing provincial boundaries**

There is one census metropolitan area (Ottawa - Gatineau) and three census agglomerations (Campbellton, Hawkesbury and Lloydminster) that cross provincial boundaries. The data for their respective provincial parts are included with the appropriate census metropolitan area or census agglomeration, with data for the census metropolitan area or census agglomeration within the province of the provincial part that contributes the majority of the population to the area. For example, Ottawa - Gatineau can be found in Ontario, Campbellton in New Brunswick, Hawkesbury in Ontario and Lloydminster in Alberta.

1.

Total - Dwellings occupied by usual residents

Dwelling, private, occupied by usual residents

Part A - Plain language definition

A separate set of living quarters which has a private entrance either directly from outside or from a common hall, lobby, vestibule or stairway leading to the outside, and in which a person or a group of persons live permanently.

Part B - Detailed definition

Refers to a private dwelling in which a person or a group of persons is permanently residing. Also included are private dwellings whose usual residents are temporarily absent on Census Day. Unless otherwise specified, all data in housing products are for occupied private dwellings, rather than for unoccupied private dwellings or dwellings occupied solely by foreign and/or temporary residents.
