¹ For the years 1951-1956, migrations between municipalities within the county are included.

² Population growth is the difference in population on 1 January between two subsequent years, provided unchanged borders. For 1955, 1960, 1966, 1968 and later years population growth does not equal excess of births plus net migration, see "About the statistics" on: <http://www.ssb.no/folkendrhist/>.

³ 1 January 2000, 102 persons were transferred from 1911 Kvæfjord to 1870 Sortland.
