Aboriginal Identity (8), Sex (3) and Age Groups (12) for the Population of Canada, Provinces, Territories, Census Metropolitan Areas and Census Agglomerations, 2006 Census - 20% Sample Data

Geography = Nunavut 

Age groups (12) = Total - Age groups

| Aboriginal identity (8) | Sex (3) | | |
|--|-------------|--------|--------|
| | Total - Sex | Male | Female |
| Total - Aboriginal and non-Aboriginal identity population ¹ | 29,325 | 15,000 | 14,325 |
| Total Aboriginal identity population ² | 24,915 | 12,565 | 12,355 |
| North American Indian single response ³ | 100 | 50 | 50 |
| Métis single response | 125 | 65 | 65 |
| Inuit single response | 24,640 | 12,425 | 12,215 |
| Multiple Aboriginal identity responses | 30 | 15 | 20 |
| Aboriginal responses not included elsewhere ⁴ | 20 | 10 | 10 |
| Non-Aboriginal identity population | 4,410 | 2,435 | 1,975 |

Note(s) :

i. **Census metropolitan areas and census agglomerations crossing provincial boundaries**

There is one census metropolitan area (Ottawa - Gatineau) and three census agglomerations (Campbellton, Hawkesbury and Lloydminster) that cross provincial boundaries. The data for their respective provincial parts are included with the appropriate census metropolitan area or census agglomeration, with data for the census metropolitan area or census agglomeration within the province of the provincial part that contributes the majority of the population to the area. For example, Ottawa - Gatineau can be found in Ontario, Campbellton in New Brunswick, Hawkesbury in Ontario and Lloydminster in Alberta.

1.

Total - Aboriginal and non-Aboriginal identity population

This is a grouping of the total population into non-Aboriginal or Aboriginal population, with Aboriginal persons further divided into Aboriginal groups, based on their responses to three questions on the 2006 Census form.

2.

Total Aboriginal identity population

Included in the Aboriginal identity population are those persons who reported identifying with at least one Aboriginal group, that is, North American Indian, Métis or Inuit, and/or those who reported being a Treaty Indian or a Registered Indian, as defined by the Indian Act of Canada, and/or those who reported they were members of an Indian band or First Nation.

3.

North American Indian single response

Users should be aware that the counts for this item are more affected than most by the incomplete enumeration of certain Indian reserves and Indian settlements. The extent of the impact will depend on the geographic area under study. In 2006, a total of 22 Indian reserves and Indian settlements were incompletely enumerated by the census. The populations of these 22 communities are not included in the census counts.

4.

Aboriginal responses not included elsewhere

Includes those who identified themselves as Registered Indians and/or band members without identifying themselves as North American Indian, Métis or Inuit in the Aboriginal identity question.

 **Data quality note(s)**

- Data quality index showing, for the long census questionnaire (20% sample data), a global non response rate higher than or equal to 5% but lower than 10%.
