**Table 115 (page 2 of 2). Community hospital beds and average annual percentage change, by geographic division and state: United States, selected years 1960–2005**

[Data are based on reporting by a census of hospitals]

---

<sup>1</sup>Data exclude facilities for the mentally retarded. See [Appendix II, Hospital](#).

<sup>2</sup>1960 data include hospital units of institutions such as prisons and college infirmaries.

<sup>3</sup>Starting with 1990 data, hospital units of institutions, facilities for the mentally retarded, and alcoholism and chemical dependency hospitals are excluded. See [Appendix II, Hospital](#).

<sup>4</sup>1990 data used in this calculation (not shown in table) exclude only facilities for the mentally retarded, consistent with exclusions from 1980 data.

<sup>5</sup>Civilian population for 1997 and earlier years.
