

Injury Hospitalization by Nature of Injury

Run Date:08-10-23

Ref: HP8.1

© 1996-2005, Canadian Institute for Health Information (CIHI) All rights reserved

(1) Source - NTR/MDS Scope: National hospitalization of trauma cases from FY 1994-1995 to FY 2003-2004

(2) Prior to fiscal year 1999, Nunavut did not exist as a distinct Canadian territory and was part of the Northwest Territories. Data are included in this report prior to 1999 for trending purposes.

(3) Click 'Query Info' for detailed methodology information related to this query

(4) Select <All> from the Age Group selection list for an over all total of ages selected

(5) Select <All> from the Sex selection list for combined values

(6) Values between 0-4 cases are replaced with a '-' for confidentiality reasons

Discharge Fiscal Year: 2000 | Age Group: <All> | Sex: <All>
