These statistics apply the regional division of 1 January 2015 to the whole time series.

Language: ISO 639-1 language classification, first Finland's official languages (Finnish, Swedish, Sámi), followed by other languages of the ISO 639-1 classification in alphabetical order.

Language: Serbo-Croatian (hs) was removed from the ISO 639-1 Language Codes in 2000. It was replaced by Croatian (hk), Serbian (sr) and Bosnian (bs). However, the Population Register, which is used as source data for population statistics, still includes a sizeable number of persons who report Serbo-Croatian as their mother tongue. In the context of statistics compilation, the mother tongues of these persons cannot be reliably classified as Croatian, Serbian or Bosnian, for which reason the Serbo-Croatian language has been kept in the language classification used by Statistics Finland.
