- Total - Age groups**
Age
Part A - Plain language definition
Not applicable
Part B - Detailed definition
Refers to the age at last birthday (as of the census reference date, May 16, 2006). This variable is derived from Date of birth.
- 2000**
Canadian censuses were conducted in 2001 and 2006. Income data from these censuses relate to the calendar year prior to the census year, i.e., 2000 and 2005 respectively. For additional information, please refer to the 2006 Census Dictionary, Catalogue no. 92-566-XWE.
- 2005**
Canadian censuses were conducted in 2001 and 2006. Income data from these censuses relate to the calendar year prior to the census year, i.e., 2000 and 2005 respectively. For additional information, please refer to the 2006 Census Dictionary, Catalogue no. 92-566-XWE.
- With income**
Wages and salaries - Refers to gross wages and salaries before deductions for such items as income tax, pensions and Employment Insurance. Included in this source are military pay and allowances, tips, commissions and cash bonuses, benefits from wage-loss replacement plans or income-maintenance insurance plans, supplementary unemployment benefits from an employer or union as well as all types of casual earnings during calendar year 2005. Other employment income such as taxable benefits, research grants and royalties are included.

Net farm income - Refers to net income (gross receipts from farm sales minus depreciation and cost of operation) received during calendar year 2005 from the operation of a farm, either on the respondent's own account or in partnership. In the case of partnerships, only the respondent's share of income was reported. Included with gross receipts are cash advances received in 2005, dividends from cooperatives, rebates and farm support payments to farmers from federal, provincial and regional agricultural programs (for example, milk subsidies and marketing board payments) and gross insurance proceeds such as payments from the Net Income Stabilization Account (NISA). The value of income 'in kind', such as agricultural products produced and consumed on the farm, is excluded.

Net non-farm income from unincorporated business and/or professional practice - Refers to net income (gross receipts minus expenses of operation such as wages, rents and depreciation) received during calendar year 2005 from the respondent's non-farm unincorporated business or professional practice. In the case of partnerships, only the respondent's share was reported. Also included is net income from persons babysitting in their own homes, persons providing room and board to non relatives, self-employed fishers, hunters and trappers, operators of direct distributorships such as those selling and delivering cosmetics, as well as freelance activities of artists, writers, music teachers, hairdressers, dressmakers, etc.

Child benefits - Refers to payments received under the Canada Child Tax Benefit program during calendar year 2005 by parents with dependent children under 18 years of age. Limited information was available for respondents who allowed use of their income tax data on these benefits. For these persons, these benefits were calculated and assigned, where applicable, to one of the parents in the census family on the basis of information on children in the family and the family income. Included with the Canada Child Tax Benefit is the National Child Benefit Supplement (NCBS) for low-income families with children. The NCBS is the federal contribution to the National Child Benefit (NCB), a joint initiative of federal, provincial and territorial governments. Also included are child disability benefits and earned income supplements provided by certain provinces and territories.

Old age security pension - Refers to Old Age Security pensions and Guaranteed Income Supplements paid to persons 65 years of age and over, and to the Allowance or Allowance for the survivor paid to 60- to 64-year-old spouses of old age security recipients or widow(er)s by the federal government during the calendar year 2005.

Benefits from Canada or Quebec pension plan - Refers to benefits received during calendar year 2005 from the Canada or Quebec Pension Plan (For example, retirement pensions, survivors' benefits and disability pensions). Does not include lump-sum death benefits.

Benefits from employment insurance - Refers to total employment insurance benefits received during calendar year 2005, before income tax deductions. It includes benefits for unemployment, sickness, maternity, paternity, adoption, work sharing, retraining and benefits to self-employed fishers received under the federal Employment Insurance Program.

Other income from government sources - Refers to all transfer payments, excluding those covered as a separate income source (Child benefits, Old Age Security pensions and Guaranteed Income Supplements, Canada or Quebec Pension Plan benefits and Employment Insurance benefits) received from federal, provincial, territorial or municipal programs during 2005.

Investment income - Refers to interest received during calendar year 2005 from deposits in banks, trust companies, cooperatives, credit unions, caisses populaires, etc., as well as interest on savings certificates, bonds and debentures, and all dividends from both Canadian and foreign corporate stocks and mutual funds. Also included is other investment income from either Canadian or foreign sources, such as net rents from real estate, mortgage and loan interest received, regular income from an estate or trust fund, and interest from insurance policies. Does not include capital gains or losses.

Retirement pensions - Refers to all regular income received by the respondent during calendar year 2005 as the result of having been a member of a pension plan of one or more employers. It includes payments received from all annuities, including payments from a Registered Retirement Income Fund (RRIF), a matured Registered Retirement Savings Plan (RRSP) in the form of a life annuity, a fixed-term annuity, or an income-averaging annuity contract; pensions paid to widow(er)s or other relatives of deceased pensioners; pensions of retired civil servants, Armed Forces personnel and Royal Canadian Mounted Police (RCMP) officers; annuity payments received from the Canadian Government Annuities Fund, an insurance company, etc. Does not include lump-sum death benefits, lump-sum benefits or withdrawals from a pension plan or RRSP, or refunds of over-contributions.

Other money income - Refers to regular cash income received during calendar year 2005 and not reported in any of the other nine sources listed on the questionnaire. For example, severance pay and retirement allowances, alimony, child support, periodic support from other persons not in the household, income from abroad (excluding dividends and interest), non refundable scholarships, bursaries, fellowships and study grants, and artists' project grants are included.

Total income - Total of income from all sources, including employment income, income from government programs, pension income, investment income and any other money income.

Income tax paid - Refers to all federal, provincial and territorial taxes paid on 2005 income. Federal, provincial and territorial taxes paid refer to taxes on income, after taking into account exemptions, deductions, non-refundable tax credits and the Quebec abatement. These taxes are obtained from the income tax files for persons who allowed access to their income tax data and from direct responses on the questionnaire for others.

After-tax income - Refers to total income from all sources minus federal, provincial and territorial taxes paid for 2005.

Income recipient - Refers to an individual 15 years of age or over who received income from one or more of the above sources in the reference year.
- With earnings**
Earner or employment income recipient - Refers to a person 15 years of age and over who received wages and salaries, net income from a non-farm unincorporated business and/or professional practice, and/or net farm self-employment income during the reference year.
- Full-year full-time workers with earnings**
Was an earner or employment income recipient and worked 49 to 52 weeks in the reference year, mostly full time.
- % full-year full-time workers with earnings**
Was an earner or employment income recipient and worked 49 to 52 weeks in the reference year, mostly full time.

 **Data quality note(s)**

- Data quality index showing, for the long census questionnaire (20% sample data), a global non response rate higher than or equal to 5% but lower than 10%.
