

B17015

POVERTY STATUS IN THE PAST 12 MONTHS OF FAMILIES BY FAMILY TYPE BY SOCIAL SECURITY INCOME BY SUPPLEMENTAL SECURITY INCOME (SSI) AND CASH PUBLIC ASSISTANCE INCOME
Universe: Families
2010 American Community Survey 1-Year Estimates

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, for 2010, the 2010 Census provides the [official counts of the population and housing units for the nation, states, counties, cities and towns](#).

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the [Data and Documentation](#) section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the [Methodology](#) section.

	Alaska	
	Estimate	Margin of Error
Total:	170,859	+/-4,484
Income in the past 12 months below poverty level:	12,277	+/-1,505
Married-couple family:	3,588	+/-812
With Social Security income in the past 12 months:	322	+/-212
With SSI and/or cash public assistance income in the past 12 months	60	+/-66
Without SSI or cash public assistance income in the past 12 months	262	+/-189
Without Social Security income in the past 12 months:	3,266	+/-769
With SSI and/or cash public assistance income in the past 12 months	887	+/-564
Without SSI or cash public assistance income in the past 12 months	2,379	+/-718
Other family:	8,689	+/-1,163
Male householder, no wife present:	1,709	+/-583
With Social Security income in the past 12 months:	199	+/-185
With SSI and/or cash public assistance income in the past 12 months	93	+/-130
Without SSI or cash public assistance income in the past 12 months	106	+/-152
Without Social Security income in the past 12 months:	1,510	+/-529
With SSI and/or cash public assistance income in the past 12 months	369	+/-318
Without SSI or cash public assistance income in the past 12 months	1,141	+/-511
Female householder, no husband present:	6,980	+/-1,013
With Social Security income in the past 12 months:	936	+/-492
With SSI and/or cash public assistance income in the past 12 months	390	+/-295
Without SSI or cash public assistance income in the past 12 months	546	+/-401
Without Social Security income in the past 12 months:	6,044	+/-1,060
With SSI and/or cash public assistance income in the past 12 months	1,491	+/-549
Without SSI or cash public assistance income in the past 12 months	4,553	+/-1,079
Income in the past 12 months at or above poverty level:	158,582	+/-4,656
Married-couple family:	124,381	+/-4,730
With Social Security income in the past 12 months:	19,060	+/-1,483
With SSI and/or cash public assistance income in the past 12 months	1,713	+/-459
Without SSI or cash public assistance income in the past 12 months	17,347	+/-1,428
Without Social Security income in the past 12 months:	105,321	+/-4,763
With SSI and/or cash public assistance income in the past 12 months	2,833	+/-784
Without SSI or cash public assistance income in the past 12 months	102,488	+/-4,608
Other family:	34,201	+/-2,515
Male householder, no wife present:	12,502	+/-1,832
With Social Security income in the past 12 months:	2,294	+/-758
With SSI and/or cash public assistance income in the past 12 months	589	+/-299
Without SSI or cash public assistance income in the past 12 months	1,705	+/-674
Without Social Security income in the past 12 months:	10,208	+/-1,578
With SSI and/or cash public assistance income in the past 12 months	348	+/-209
Without SSI or cash public assistance income in the past 12 months	9,860	+/-1,527
Female householder, no husband present:	21,699	+/-2,139
With Social Security income in the past 12 months:	4,602	+/-865

	Alaska	
	Estimate	Margin of Error
With SSI and/or cash public assistance income in the past 12 months	1,522	+/-540
Without SSI or cash public assistance income in the past 12 months	3,080	+/-707
Without Social Security income in the past 12 months:	17,097	+/-1,952
With SSI and/or cash public assistance income in the past 12 months	1,473	+/-602
Without SSI or cash public assistance income in the past 12 months	15,624	+/-1,804

Explanation of Symbols:

An '***' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.

An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.

An '****' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

An '(X)' means that the estimate is not applicable or not available.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see [Accuracy of the Data](#)). The effect of nonsampling error is not represented in these tables.

While the 2010 American Community Survey (ACS) data generally reflect the December 2009 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.
