## Footnotes:

1. Data by industry included in this table correspond to the System of National Accounts' input-output S levels of aggregation. For concepts, methods, sources and details concerning the industry classification system, consult the following link: <http://www.statcan.gc.ca/imdb-bmdi/5103-eng.htm>.
4. Total economic activities that have been realized within the country. That covers both business and non-business sectors.
9. These are jobs held by unincorporated working owners, self-employed persons who do not have a business and persons working in a family business without pay.
26. This combines the North American Industry Classification System (NAICS) codes 48, 49.
30. This combines the North American Industry Classification System (NAICS) codes 52, 53 and 55. It excludes the industry of owner-occupied dwellings.
31. This includes Aboriginal public administration (9141) and international and other extra-territorial public administration (9191).
33. This excludes Aboriginal public administration (9141) and international and other extra-territorial public administration (9191).
35. Each year, there are two separate data releases for SNA labour statistics. The first data release, which occurs in May, focuses only on the preliminary estimates for the last year. The second release, which occurs in the fall (November or December), focuses on the revised estimates for the last four years.
