\* Please note that for selected census standard data/reference products, data users will notice that a number appears in parentheses following the presentation of certain variables. This number may appear in a table title and/or following the variable name within the product subset itself (e.g., Age (13)). The number represents the quantity of variable sub-categories the particular product is presenting. For example, Age (13) presents thirteen (13) distinct age groups (variable sub-categories).
