Employees in the private sector are all employees that do receive remuneration from other employees than municipalities and the central government.

Earnings are monthly earnings in thousand ISK.

Paid hours are weekly hours paid.

Data are based on the Icelandic Survey on Wages, Earnings and Labour Cost which is a sample survey.

Full-time employees are defined as employees whose total working hours are equal or exceed 90% of minimum working hours, e.g. 173.3 for workers.

New economic activity is added in 2005. This is important to keep in mind when comparing data between years.

Year 1998-2004: Data is based on NACE rev.1.1 and includes the economic activities of Manufacturing (D), Construction (F), Wholesale and retail trade; repair (G), and Transport, storage and communication (I).

2005-2011: Data is based on NACE rev.1.1 and includes the economic activities of Manufacturing (D), Construction (F), Wholesale and retail trade; repair (G), Transport, storage and communication (I), and Financial intermediation (J).
