The statistics use the regional division of 1 January 2016.

Origin: The origin and background county data are explained in the quality description, see link

Origin: Origin and background country are updated to the whole time series yearly according to the latest information.

Background continent: The origin and background county data are explained in the quality description, see link

Background continent: Origin and background country are updated to the whole time series yearly according to the latest information. The used classification of continents is the classification of Eurostat, where Cyprus and Turkey belong to Europe. Non-autonomous states are summed under their mother country.

Latest update: 20160923
