Definitions - EDUC01

Educational attainment in total population 1 January by reporting country, age, level, field, time and sex

Subject area: Education/Level of Education

Units: Persons

Footnotes, general:

Educational attainment of total population aged 15-74 as of 1 January. Data is compiled according to the ISCED 1997 classification. ISCED: International Standard Classification of Education i.e. United Nation's system of classification of education. Initially adopted by UNESCO in 1976, revised in 1997. ISCED is an instrument suitable for compiling statistics on education internationally. It covers two cross-classification variables: Levels and fields of education.

Not specified level or field: Education is achieved but the exact level or field is not specified. Not known level or field: Educational background regarding either level and/or field is not known.

Footnotes, other:

Variables:

Reporting country (DK, FO, GL, FI, AX, IS, NO, SE)

Age

Level

Field

Time (1998-)

Sex
