Global non-response rate (GNR)¹ = 16.1 %

Mother tongue (8)	Language spoken most often at home (8)							
	Total - Language spoken most often at home	English	French	Non-official language	English and French	English and non-official language	French and non-official language	English, French and non-official language
Total - Mother tongue	40,800	36,640	540	3,405	15	200	0	0
English	31,255	30,980	30	210	10	25	0	0
French	1,115	615	485	0	10	0	0	0
Non-official language	8,100	4,815	10	3,160	0	115	0	0
English and French	25	20	0	0	0	0	0	0
English and non-official language	295	210	0	35	0	55	0	0
French and non-official language	0	0	0	0	0	0	0	0
English, French and non-official language	0	0	0	0	0	0	0	0

¹ For the 2011 National Household Survey (NHS) estimates, the global non-response rate (GNR) is used as an indicator of data quality. This indicator combines complete non-response (household) and partial non-response (question) into a single rate. The value of the GNR is presented to users. A smaller GNR indicates a lower risk of non-response bias and as a result, lower risk of inaccuracy. The threshold used for estimates' suppression is a GNR of 50% or more. For more information, please refer to the National Household Survey User Guide, 2011.
