Global non-response rate (GNR)¹ = 25.2 %

Mother tongue (8)	Language spoken most often at home (8)							
	Total - Language spoken most often at home	English	French	Non-official language	English and French	English and non-official language	French and non-official language	English, French and non-official language
Total - Mother tongue	31,695	14,615	225	16,645	0	205	10	0
English	8,890	8,390	15	460	0	20	0	0
French	410	205	200	10	0	0	0	0
Non-official language	22,065	5,780	15	16,110	0	160	10	0
English and French	10	10	0	0	0	0	0	0
English and non-official language	310	230	0	55	0	30	0	0
French and non-official language	0	0	0	0	0	0	0	0
English, French and non-official language	0	0	0	0	0	0	0	0

¹ For the 2011 National Household Survey (NHS) estimates, the global non-response rate (GNR) is used as an indicator of data quality. This indicator combines complete non-response (household) and partial non-response (question) into a single rate. The value of the GNR is presented to users. A smaller GNR indicates a lower risk of non-response bias and as a result, lower risk of inaccuracy. The threshold used for estimates' suppression is a GNR of 50% or more. For more information, please refer to the National Household Survey User Guide, 2011.
