Geography [Geographic index](#)

Northwest Territories / Territoires du Nord-Ouest

Legal marital status (6)

Total - Legal marital status

Common-law status (3)¹

Total - Common-law status

Age groups (16)

Total - Age groups

Sex (3)

Total - Sex

Submit

Northwest Territories / Territoires du Nord-Ouest

Global non-response rate (GNR)² = 16.1 %

Mobility status 5 years ago (9)	Mother tongue (8)							
	Total - Mother tongue	English	French	Non-official language	English and French	English and non-official language	French and non-official language	English, French and non-official language
Total - Mobility status 5 years ago	37,455	28,315	1,050	7,785	20	285	0	0
Non-movers	19,230	14,225	355	4,465	15	175	0	0
Movers	18,220	14,085	695	3,320	0	110	0	0
Non-migrants	10,265	8,150	205	1,830	10	70	0	0
Migrants	7,960	5,935	490	1,490	0	35	0	0
Internal migrants	7,300	5,730	480	1,055	0	25	0	0
Intraprovincial migrants	2,105	1,655	35	395	0	10	0	0
Interprovincial migrants	5,195	4,080	450	655	0	15	0	0
External migrants	655	200	10	435	0	10	0	0

¹ Common-law refers to two people living together as a couple but not legally married to each other.

² For the 2011 National Household Survey (NHS) estimates, the global non-response rate (GNR) is used as an indicator of data quality. This indicator combines complete non-response (household) and partial non-response (question) into a single rate. The value of the GNR is presented to users. A smaller GNR indicates a lower risk of non-response bias and as a result, lower risk of inaccuracy. The threshold used for estimates' suppression is a GNR of 50% or more. For more information, please refer to the National Household Survey User Guide, 2011.
