¹Full-time equivalents of physicians and physiotherapists in institutions for the aged and disabled are included. Break in the time series in 2000, due to new KOSTRA functions. Full-time equivalents of physicians and physiotherapists in institutions for the aged and disabled are included from 2000 inclusive. ²Full-time equivalents of physiotherapists in Oslo city district overall services are included. ³Until 2006 midwives and public health nurses overall in the municipal health service included. Since 2007, only midwives and nurses in health clinics and school health services are included. ⁴Break in time series. From 2010, the full-time equivalents for midwives and nurses in public health services are obtained from registry.

¹The total for the country includes costs related to public regional health enterprises, public health enterprises and private institutions.

²Depreciation is included and figures are adjusted for revenues related to patients from other regions and the value of the operating agreement for the private institutions. ³Includes costs related to administration, personnel and recruitment conveyance of patients and health personnel and from 2009 it also includes lab/roentgen services. ⁴Accounting adjustment due to the pension reform gives decreased pension costs and a break in time series in 2010.
