2012 American Community Survey 1-Year Estimates

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the [Data and Documentation](#) section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the [Methodology](#) section.

1 - 59 of 59		Alaska	
		Estimate	Margin of Error
	Total:	251,651	+/-2,883
	Income in the past 12 months below poverty level:	21,450	+/-1,982
	Family households:	12,542	+/-1,458
	Married-couple family:	3,568	+/-723
	Householder under 25 years	124	+/-112
	Householder 25 to 44 years	1,956	+/-609
	Householder 45 to 64 years	1,182	+/-376
	Householder 65 years and over	306	+/-151
	Other family:	8,974	+/-1,354
	Male householder, no wife present:	1,945	+/-434
	Householder under 25 years	181	+/-134
	Householder 25 to 44 years	781	+/-277
	Householder 45 to 64 years	855	+/-330
	Householder 65 years and over	128	+/-84
	Female householder, no husband present:	7,029	+/-1,257
	Householder under 25 years	1,246	+/-477
	Householder 25 to 44 years	3,937	+/-949
	Householder 45 to 64 years	1,691	+/-670
	Householder 65 years and over	155	+/-71
	Nonfamily households:	8,908	+/-1,272
	Male householder:	4,628	+/-828
	Householder under 25 years	476	+/-367
	Householder 25 to 44 years	1,280	+/-497
	Householder 45 to 64 years	2,490	+/-471
	Householder 65 years and over	382	+/-233
	Female householder:	4,280	+/-922
	Householder under 25 years	502	+/-295
	Householder 25 to 44 years	1,135	+/-517
	Householder 45 to 64 years	1,591	+/-607
	Householder 65 years and over	1,052	+/-384
	Income in the past 12 months at or above poverty level:	230,201	+/-2,996
	Family households:	153,858	+/-3,775
	Married-couple family:	119,680	+/-3,717
	Householder under 25 years	3,256	+/-723
	Householder 25 to 44 years	44,552	+/-2,350
	Householder 45 to 64 years	55,914	+/-2,210
	Householder 65 years and over	15,958	+/-1,152
	Other family:	34,178	+/-2,483
	Male householder, no wife present:	11,586	+/-1,336
	Householder under 25 years	631	+/-317
	Householder 25 to 44 years	5,053	+/-897
	Householder 45 to 64 years	5,143	+/-924
	Householder 65 years and over	759	+/-238
	Female householder, no husband present:	22,592	+/-2,135
	Householder under 25 years	921	+/-329
	Householder 25 to 44 years	10,809	+/-1,928
	Householder 45 to 64 years	7,890	+/-1,100
	Householder 65 years and over	2,972	+/-607
	Nonfamily households:	76,343	+/-3,303
	Male householder:	41,891	+/-2,488
	Householder under 25 years	1,903	+/-615
	Householder 25 to 44 years	16,367	+/-1,926
	Householder 45 to 64 years	17,351	+/-1,542
	Householder 65 years and over	6,270	+/-971
	Female householder:	34,452	+/-2,537
	Householder under 25 years	2,994	+/-906
	Householder 25 to 44 years	9,091	+/-1,629
	Householder 45 to 64 years	14,222	+/-1,620
	Householder 65 years and over	8,145	+/-1,023

Explanation of Symbols:

An '***' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.

An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.

An '****' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

An '(X)' means that the estimate is not applicable or not available.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see [Accuracy of the Data](#)). The effect of nonsampling error is not represented in these tables.

While the 2012 American Community Survey (ACS) data generally reflect the December 2009 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.
