Footnotes

The decrease in the number of participants in web-based schools and course completions in 2014 can be explained by an over estimation of the number of participants at NKI nettskole previous years. Also Stiftelsen Norges byggskole only reported their students at tertiary vocational level in 2014. ABC-company E-skvula AS and Industriskolen have not reported data for 2016 and are missing in the statistics for this year. Heltberg nettstudier reports together with Akademiet Nettstudier from 2016. Lazanor Connecting and Scandinavian Language Training Institute have been closed.
