

**SEX BY OCCUPATION FOR THE CIVILIAN EMPLOYED POPULATION 16 YEARS AND OVER**  
**Universe: Civilian employed population 16 years and over**  
**2014 American Community Survey 1-Year Estimates**

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the [Data and Documentation](#) section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the [Methodology](#) section.

	Alaska	
	Estimate	Margin of Error
Total:	352,531	+/-5,376
Male:	193,046	+/-3,792
Management, business, science, and arts occupations:	58,190	+/-3,264
Management, business, and financial occupations:	26,056	+/-2,337
Management occupations	20,582	+/-1,945
Business and financial operations occupations	5,474	+/-1,256
Computer, engineering, and science occupations:	13,717	+/-2,004
Computer and mathematical occupations	4,437	+/-1,313
Architecture and engineering occupations	6,087	+/-1,095
Life, physical, and social science occupations	3,193	+/-905
Education, legal, community service, arts, and media occupations:	12,980	+/-1,495
Community and social service occupations	3,389	+/-970
Legal occupations	966	+/-364
Education, training, and library occupations	5,131	+/-1,005
Arts, design, entertainment, sports, and media occupations	3,494	+/-852
Healthcare practitioners and technical occupations:	5,437	+/-1,177
Health diagnosing and treating practitioners and other technical occupations	3,026	+/-762
Health technologists and technicians	2,411	+/-809
Service occupations:	29,177	+/-3,068
Healthcare support occupations	727	+/-381
Protective service occupations:	7,199	+/-1,286
Fire fighting and prevention, and other protective service workers including supervisors	4,164	+/-1,097
Law enforcement workers including supervisors	3,035	+/-809
Food preparation and serving related occupations	9,590	+/-1,632
Building and grounds cleaning and maintenance occupations	7,143	+/-1,576
Personal care and service occupations	4,518	+/-1,212
Sales and office occupations:	27,319	+/-2,629
Sales and related occupations	12,537	+/-1,977
Office and administrative support occupations	14,782	+/-1,693
Natural resources, construction, and maintenance occupations:	43,498	+/-2,901
Farming, fishing, and forestry occupations	3,112	+/-594
Construction and extraction occupations	23,845	+/-2,606
Installation, maintenance, and repair occupations	16,541	+/-2,535
Production, transportation, and material moving occupations:	34,862	+/-3,372
Production occupations	12,724	+/-1,659
Transportation occupations	14,429	+/-2,436
Material moving occupations	7,709	+/-1,488
Female:	159,485	+/-3,660
Management, business, science, and arts occupations:	67,878	+/-3,372
Management, business, and financial occupations:	23,616	+/-2,347
Management occupations	14,792	+/-1,804
Business and financial operations occupations	8,824	+/-1,203
Computer, engineering, and science occupations:	4,262	+/-761
Computer and mathematical occupations	1,420	+/-416
Architecture and engineering occupations	1,281	+/-482
Life, physical, and social science occupations	1,561	+/-475
Education, legal, community service, arts, and media occupations:	25,803	+/-2,280
Community and social service occupations	4,906	+/-1,078
Legal occupations	1,754	+/-587
Education, training, and library occupations	15,766	+/-1,547
Arts, design, entertainment, sports, and media occupations	3,377	+/-726
Healthcare practitioners and technical occupations:	14,197	+/-1,836

**Explanation of Symbols:**

An '\*\*\*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.

An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.

An '\*\*\*\*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

An '\*\*\*\*\*' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

An '(X)' means that the estimate is not applicable or not available.
