## Footnotes

### 3 Marital status

#### Part A - Short definition

Refers to the marital status of the person, taking into account his/her common-law status.

#### Part B - Detailed definition

Refers to the marital status of the person, taking into account his/her common-law status. Persons who are married or living common law may be of opposite sex or of the same sex. The classification is as follows:

**Married (and not separated):** A person who is married and has not separated or obtained a divorce, and whose spouse is living.

**Common-law:** A person who is living with another person as a couple but who is not legally married to that person.

**Separated:** A person who is married but who no longer lives with his/her spouse (for any reason other than illness, work or school) and who has not obtained a divorce. Persons living common law are not included in this category.

**Divorced:** A person who has obtained a legal divorce and who has not remarried. Persons living common law are not included in this category.

**Widowed:** A person who has lost his/her spouse through death and who has not remarried. Persons living common law are not included in this category.

**Single (never legally married):** A person who has never married or a person whose marriage has been annulled and who has not remarried. Persons living common law are not included in this category.

### 4 The biological or adopted child of only one spouse/partner in the couple, and whose birth or adoption preceded the current relationship.

### 5 Persons not in census families may live with relatives (without forming a census family with them), or they may live with non-relatives only or they may live alone.
