Ⓞ Tölurnar eiga við um starfsemi á legudeildum sjúkrahúsa eða heilbrigðisstofnana með sjúkrarými (sbr. flokkun Velferðarráðuneytis http://www.velferdarraduneyti.is/tolfraedi_heilb/nr/33553). Tölurnar ná yfir allar legur (útskriftir) með færri en 90 legudaga. Nýburar eru meðtaldir. Tölur fyrir árin 2001–2014 voru uppfærðar á árinu 2015. Tölur eru birtar með fyrirvara um breytingu vegna rauntímauppfærslu á gögnum í vistunarskrá. *Figures cover discharges from somatic and psychiatric in-patient wards in hospitals. Included are all discharges with a length of stay of <90 days. Neonates are included. Figures for years 2001–2014 were updated in 2015. Figures are subject to change due to real-time updates of the Hospital Discharge Registry.*
