The education and training programmes are classified according to the international standard ISCED2011. For further information please see our recent publication on education, which can be found at: www.stat.gl This table has been revised in the spring of 2016, figures before this date may therefore level: Students attending VET before 2013 are not registered at a school and they therefore appear with missing reference of educational place. From 2013 VET-students are registered at their school, and it possible to differ these students from students with a school stay in Denmark.ISCED2011-level short-cycle tertiary education includes an internship period and therefore all education and training programmes on this level is considered as being vocational.The education statistics are based on administrative data from the Study Grant Administration and in this the Ph.D. and doctorate level is no age: At the time of enrolment.

time: Figures for the years 2003-2013 are final figures while they for the years 2014-2016 are preliminary figures.
