Nordland	2 931	100	43.7	38.9	9.6	2.9	5.0
Troms - Romsa	1 767	100	40.8	36.5	12.8	4.3	5.5

¹ For many immigrants SSB has no information about their level of education. For 2014 and newer years figures includes an estimated level of education for missing values for these immigrants. For more information see About the statistics at www.ssb.no/utdanning/statistikker/utniv. The numbers of registered unemployed by education must not be mistaken with NAV's unemployment figures for education. NAV figures show self-reported highest commenced education. SSB's figures show the person's highest completed education mainly based on reports from education institutions. For more information, see About the statistics.

² level of education Upper secondary education Upper secondary education includes intermediate level courses based on completed upper secondary level, but which are not accredited as tertiary education.
