**Note(s):**

178 Language used most often at work refers to the language the person uses most often at work. A person can report more than one language as 'used most often at work' if the languages are used equally often.

For more information on language variables, including information on their classifications, the questions from which they are derived, data quality and their comparability with other sources of data, please refer to the [Languages Reference Guide, Census of Population, 2016](#).

n.i.e. = not included elsewhere

n.o.s. = not otherwise specified

Refers to the language used most often at work, as reported on May 10, 2016 by the individuals aged 15 years and over who worked since January 1, 2015.

179 Other language(s) used regularly at work refers to the languages, if any, that the person uses in their job on a regular basis, other than the language or languages he or she uses most often at work.

For more information on language variables, including information on their classifications, the questions from which they are derived, data quality and their comparability with other sources of data, please refer to the [Languages Reference Guide, Census of Population, 2016](#).
