- ... not applicable
- x** suppressed to meet the confidentiality requirements of the *Statistics Act*
- F** too unreliable to be published

Footnote(s)

- 1 For more information, refer to the Census Dictionary: Census family; Stepfamily status of couple family with children; and Relationship structure of stepfamily.
- 2 One or more grandparents of the child may also be present in the household.
- 3 In an intact family, all children are the biological or adopted children of both persons in the couple. This category also includes children living in census families for whom it cannot be determined whether it is an intact family or a stepfamily.
- 4 In a complex stepfamily, some or all of the children are step-siblings or half-siblings.
- 5 In a simple stepfamily, none of the children are step-siblings or half-siblings.
- 6 In a complex stepfamily, some or all of the children are step-siblings or half-siblings.
- 7 One or more grandparents of the child may also be present in the household.
- 8 Excluding foster children.

Data quality note(s) – Northwest Territories / Territoires du Nord-Ouest

- **Incomplete enumeration flag**
Default. Not applicable.
- **Short-form data quality flag**
Global non-response rate (GNR), short-form census questionnaire: 7.5%.
- **Short-form income data quality flag**
Data quality index showing a short-form income non-response rate higher than or equal to 10%, but lower than 20%.
