Footnote(s)

- 1 For more information, refer to the Census Dictionary: Household type; Census family.
- 2 Primary household maintainer - The first person in the household identified as someone who pays the rent, or the mortgage, or the taxes, or the electricity or other services or utilities for the dwelling. When more than one member of the household contributes to the payments, the first person listed is chosen as the primary household maintainer. If no person in the household is identified as making any such payments, the first person listed is selected by default.

The order of the persons in a household is determined by the order in which they are listed on the questionnaire. Generally, an adult is listed first followed, if applicable, by their spouse or common-law partner and then by their children. The order does not necessarily correspond to the proportion of household payments made by each person.

Data quality note(s) – Nunavut

- **Incomplete enumeration flag**
Default. Not applicable.
- **Long-form data quality flag**
Global non-response rate (GNR), long-form census questionnaire: 8.7%.
- **Long-form income data quality flag**
Data quality index showing a long-form income non-response rate higher than or equal to 10%, but lower than 20%.
