Footnote(s)

- 1 For more information, refer to the Census Dictionary: Household type; Census family.
- 2 Tenure - Refers to whether the household owns or rents their private dwelling. The private dwelling may be situated on rented or leased land or be part of a condominium. A household is considered to own their dwelling if some member of the household owns the dwelling even if it is not fully paid for, for example if there is a mortgage or some other claim on it. A household is considered to rent their dwelling if no member of the household owns the dwelling. A household is considered to rent that dwelling even if the dwelling is provided without cash rent or at a reduced rent, or if the dwelling is part of a cooperative.

Presence of mortgage payments- Refers to whether an owner household makes regular mortgage or loan payments for their dwelling.

Subsidized housing - Refers to whether a renter household lives in a dwelling that is subsidized.

Subsidized housing includes rent geared to income, social housing, public housing, government-assisted housing, non-profit housing, rent supplements and housing allowances.

- 3 The category 'Not applicable' includes private households with zero or negative household total income.
