## Footnote(s)

- 1 Users should be aware that the estimates associated with this variable are more affected than most by the incomplete enumeration of certain Indian reserves and Indian settlements in the 2016 Census of Population. For more information on Aboriginal variables, including information on their classifications, the questions from which they are derived, data quality and their comparability with other sources of data, refer to the Aboriginal Peoples Reference Guide, Census of Population, 2016 and the Aboriginal Peoples Technical Report, Census of Population, 2016.
- 2 Refers to whether a person aged 15 years and over was employed, unemployed or not in the labour force during the week of Sunday, May 1 to Saturday, May 7, 2016.  
  
Early enumeration was conducted in remote, isolated parts of the provinces and territories. When enumeration has taken place before May 2016, the reference date used is the date on which the household was enumerated.  
  
In the past, this variable was called Labour force activity.
- 3 Users are advised to consult data quality comments for 'Highest certificate, diploma or degree,' available in the Education Reference Guide, Census of Population, 2016, Catalogue no. 98-500-X2016013.

- 5 'Trades certificate or diploma other than Certificate of Apprenticeship or Certificate of Qualification' includes trades certificates or diplomas such as pre-employment or vocational certificates and diplomas from brief trade programs completed at community colleges, institutes of technology, vocational centres and similar institutions.
