Educational attainment of total population aged 15-74 as of 1 January. Data is compiled according to either ISCED 1997 (level 1-2., 3-4 and 5-6) or ISCED 2011 classification (level 1-2. 3-4 and 5-8). Please find which classifications are used under each country. ISCED: International Standard Classification of Education i.e. United Nation's system of classification of education. Initially adopted by UNESCO in 1976
Greenland: ISCED 2011. Data on level 1, 2 and 8 are currently not available and thus not in the totals either. The cells for Primary and lower secondary (ISCED 1+2) are marked with double periods (..) = not available. Data not available prior to 2003.

Age by end of year.

Iceland: 1998-2002: ISCED 1997. 2003 onwards: ISCED 2011.
